

THE GROUP'S COMMITMENT TO ENHANCING THE ENVIRONMENT

For many years **The Emerson Group** has been actively involved in supporting community charity projects and events and providing sponsorships. Junior athletics and cricket, local schools, youth clubs and hospices are just a few of the diverse projects to which the Company has made a major contribution.

Information technology and the growth of the Internet have been embraced by the Group. Enquiries and sales continue to increase through the Group's websites, www.emerson.co.uk, www.jones-homes.co.uk and www.orbit-developments.co.uk which are maintained and updated by in-house web designers to bring instant information to prospective homebuyers throughout the UK.

The introduction of high-specification PVC-U windows - offering low maintenance costs, increased insulation and added security across the Jones Homes portfolio and certain of the Group's commercial schemes - has led to the formation of Stargaze Windows Ltd. Accredited with the BSI Kitemark and manufactured to BS7412, BS7950 and BS8213 the Company fabricates windows, doors, patio doors and conservatories.
