Imperial Point, The Lowry Outlet Mall and Sovereign Point
The Quays Salford Quays Manchester

The Lowry Outlet Mall has already won the Secured by Design Award for its creative use of design to make the Outlet a safe working and leisure environment.

Unlike other "outlet" schemes the quality of the materials and design had to reflect the quality of the award-winning Lowry theatre. Internationally renowned architects, RTKL, were employed and the scheme was brought to fruition in conjunction with Salford Council.

This scheme demonstrates the diversity of the Group's approach and activities together with its capability to undertake landmark developments with confidence.
