Sandfield House Wilmslow

Throughout its growth, Orbit Developments has been a major contributor to the South Manchester market place and this is particularly evident in Wilmslow Town Centre. Offices, retailing and leisure facilities including restaurants have been developed in the town to enhance the desirability of the town centre as a place to work and shop.

Over 25 developments have been undertaken within the town centre alone. These include:-

- Barfield House - office and restaurant scheme (Pizza Express)
- Water Lane – A variety of retail and offices
- The Kings Court Development - retail and offices which include the offices of the Information Commissioner at Wycliffe House
- Wilmslow Green – retailing and offices
- Grove Arcade – retailing
- The Emerson Group Property Shop (Located at 1-3 Grove Street)

Sandfield House forms the final phase of Orbit's Kings Court development in Wilmslow Town Centre. This prestigious 27,166 sq ft three-storey, headquarters office building enjoys a prime central location just off Water Lane and benefits from excellent on-site parking facilities.

Wilmslow is a well-established business location for corporate occupiers and SMEs alike. The benefits of excellent town centre facilities and its location, offering ease of connections to the regional motorways and, more especially, Manchester Airport, are all factors which attract major business occupiers.
